## Prestigious Industry Award for Culinary Capers Catering and Special Events

Las Vegas, NV (March 15, 2016) - Culinary Capers Catering and Special Events was a winner at the **2016 CATIE Awards** (Catered Arts through Innovative Excellence). The CATIE Awards are international in scope and presented at the annual Catersource and Event Solutions Conference & Tradeshow. Awards are judged by event professionals and recognize exemplary production of an event.

The winning entry for **Signature Caterer for a Multiple Day Event** was presented for the Nordstrom Vancouver Opening Events in September, 2015. Mirroring the legendary customer service of Nordstrom, the food service and event production teams of Culinary Capers executed seven events over an eight day period, serving over 7800 guests. Highlights included the opening Gala for 3000 guests, breakfast for 1000 for the Employee Rally, and a Beauty Bash street party for 2500. The regionally influenced menus featured over 70 handcrafted hors d'oeuvre, petite desserts and small plates.

"Winners of these industry awards epitomize the best in catering and events, as the business leaders and creative innovators shaping the industry," said Ron Bigley, the Brand Director of Catersource and Event Solutions.
